

1 **STATE OF WEST VIRGINIA, COUNTY OF MARSHALL, CITY OF**  
2 **MOUNDSVILLE, MAY 5, 2020**

3  
4 The Council of the City of Moundsville met in Regular Session in the Council  
5 Chambers on May 5, 2020 at 7:00 p.m.

6  
7 Meeting was called to order by Mayor David Wood. This meeting was closed to  
8 the public due to Covid-19 Pandemic. However, the meeting was streamed live on  
9 Zoom.

10  
11 Invocation by Councilwoman Judy Hunt.

12  
13 City Clerk Hewitt called the roll and the following Councilpersons were in  
14 attendance: DeWitt, Hickman, Hunt, Remke, Saunders, S. Wood and Mayor David  
15 Wood. Also present were City Manager Healy, Police Sgt. Milbert, Acting  
16 Finance Director Ankrom, Attorney White and City Clerk Hewitt.

17  
18 **MINUTES:**

19  
20 Mayor D. Wood entertained a motion to vote on the following council meeting  
21 minutes as a whole. Motion was made by Councilman Saunders and seconded by  
22 Councilman Remke. Motion carried unanimously.

23  
24 Councilman Remke moved to approve the following minutes: Special Council  
25 Meeting of February 25, 2020; Regular Council Meeting of March 3, 2020; Special  
26 Council Meeting of March 24, 2020; Regular Council Meeting of April 21, 2020,  
27 seconded by Councilman Saunders. Motion carried unanimously.

28  
29 **MANAGER ITEMS:**

30  
31 1. I will start with an update of operations during the Coronavirus. On Friday,  
32 March 13, I issued my first COVID-19 memo to employees. On March 17, I  
33 signed a proclamation declaring “A State of Emergency” for the City of  
34 Moundsville. The proclamation gave me the authority to issue executive orders,  
35 emergency policies, and use and direct City personnel, services, and equipment, to  
36 perform acts necessary to the management of this existing and threatened state of  
37 emergency, as needed. To that, Mayor Wood and I determined the essential and  
38 non-essential employees, and issued “Stay at Home” orders for the non-essential  
39 employees on a “week on – week off” basis. This was done to lessen the mingling  
40 of employees, therefore doing our part to fight the spread. These employees were

1 ordered to remain at home during these weeks, and were “on-call” the entire time.  
2 Essential employees, Police, Dispatch, Fire, and Sanitation continued to report as  
3 usual. On March 23, Governor Justice issued Executive Order 9-20, commonly  
4 called the “Stay at Home” Order, further enforcing what the City of Moundsville  
5 had already done. Here we are, almost two months later, and I’m glad to report  
6 that we are now back at full staff in all departments, due to a repeal of the  
7 employee adjustments on May 4. In place are guidelines from Governor Justice  
8 and the Marshall County Health Department, including social distancing and  
9 sanitizing guidelines. Additionally, every department is checking temperatures and  
10 recording them at the beginning of their shift. All of this done in an effort to  
11 slowly get back to normal, while still continuing to stop the spread of the virus. All  
12 city-owned buildings will continue to be closed to the public, until at least until  
13 May 15. I’m happy to say that during this time, we continued to keep the city  
14 operating and moving forward. Thank you to all of the City employees who  
15 helped through this, and our residents who did their job by staying home, and using  
16 things like the drop boxes and on-line payments. I would also like to thank  
17 Council for their support in me as we all navigated through uncharted territory.

18 2. We are now in Week Three of Governor Justice’s West Virginia Strong, The  
19 Comeback Plan. This week our small businesses reopened under stringent  
20 guidelines, and some restaurants that have the capability of outside seating. Please,  
21 please, please remember our small businesses. They need, and will continue to  
22 need, all of our support. Please order from local restaurants, buy from local shops  
23 and stores, get flowers this spring from a local store. They need and will  
24 appreciate everyone’s support. I urge everyone to return to a “normal” life when  
25 you feel comfortable to do so. When out, please follow the Public Health  
26 guidelines issued by the Marshall County Health Department. Let’s continue to be  
27 safe, and not contribute to the spread of this deadly virus.

28 3. Utility Service Partners is in the process of their spring mailing to advise  
29 residents of the Water and Sewer Service Plans. In the last 12 months, 11 residents  
30 filed claims on the sewer line and 2 filed claims on the water line. This resulted in  
31 a total cost of \$23,396 worth of work completed at no additional cost to the  
32 resident, other than their plan premium. Since the City has partnered with Utility  
33 Service Partners, over \$120,000 in work has been done in Moundsville.  
34 Additionally, we receive approximately \$1,200 per year from the partnership.

35 4. We received our first quarter 2020 Municipal Sales Tax payment in April in the  
36 amount of \$452,509.81. This was down 5% from 1<sup>st</sup> quarter of 2019, but did  
37 include two weeks of the COVID-19 shut-down. The biggest impact we’ll see will  
38 be in the current quarter, which we will receive in July, along with the second  
39 quarter B&O Tax collections.

40 5. Update on the latest collections from DataMax: to date, we have received

1 \$123,552.09, which amounts to \$61,776.05 for the City, after payments.  
2 Additionally, since January 1 of this year, we have collected \$49,038.75 from the  
3 WV State Tax Department from attachments to state tax returns from judgements  
4 that we have received. To date, that program has netted the City \$115,235.59.  
5 6. As of March 31, we have received \$49,038.75 in deposits from the West  
6 Virginia State Tax Department from Income Tax assessments. These are  
7 delinquent accounts that we have a judgement against, that are then received from  
8 their potential income tax refund. Since the inception of this process, the City has  
9 collected \$115,235.59.  
10 7. I met with our Workers Compensation Carrier to discuss our renewal on July 1.  
11 He noted that the City has done an excellent job in keeping claims down, with only  
12 two claims filed in this fiscal year. He expects our premium to increase just  
13 slightly this year. I'd like to commend our Safety and Risk Manager George  
14 Carter, who continues to do a great job in helping eliminate missed work time.  
15 8. The on-line pay feature is now working, and not a moment too soon, for  
16 payments on municipal fee, public safety fee, and sanitation. It went live in  
17 March, and has been a great asset during this current pandemic. There is a  
18 convenience charge when using a debit or credit card, but no fee to pay using an  
19 EFT through a savings or checking account. Make sure to update your app so that  
20 the Pay Now link is on the home page.  
21 8. Our virtual Kick-Off Meeting with McKinley in regards to the new municipal  
22 building will be done this Thursday. This will include the myself, Mayor Wood,  
23 City Clerk Hewitt, and Chiefs Brandon and Mitchell.  
24 9. We have had multiple changes in our employees since our last regular meeting.  
25 I will have all of the new employees present at a Council Meeting later, but will  
26 review them now. With jobs being bid internally, we have had a carousel of  
27 changes. As all of you know, long-time Administrative Secretary Marilyn  
28 Kaufman retired in early March. She was replaced by Lacey Williams, who had  
29 previously been employed at Bayer Credit Union for 15 years. Karen Richmond  
30 from the Data Processing Department, also retired. She was replaced, internally,  
31 as Lucretia Maine moved from Revenue Collector to Karen's position. Lucretia's  
32 position was filled by Amber Cunningham, who moved from Dispatch. Finance  
33 Director Kay Goddard also resigned in March., and will be replaced by Karen  
34 Ankrom, the current Treasurer. This move allows the City to have an "in-house"  
35 Finance Director for the first time in over twelve years. I want thank Council for  
36 their support in making this happen. Karen's spot will be filled by the new  
37 Administrative Secretary Lacey Williams. Lacey's experience in finance and  
38 banking at Bayer makes her an ideal person to fill the role of Treasurer. A hire for  
39 the Administrative Secretary position will be announced soon. We have also hired  
40 two new firefighters – Justin Williams and Andrew Furbee, bringing our staff back

1 to full. Another recent addition to the Street Department was A.J. Myer, and I'm  
2 happy to say that Department is at full strength for the first time in many months.  
3 Again, once we open up Council Meetings. I will have these employees present to  
4 introduce. Also, we will have a large swearing-in ceremony when the situation  
5 permits, with families, media, and Council invited.

6 10. Update on paving: Engineer Tush is finalizing the estimates, and my hope is  
7 that we can have them out to bid by mid-May.

8 11. Councilman Remke and I had a conference call with an attorney from Bowles  
9 & Rice, and RED to discuss the TIF Project. We have defined our map, and the  
10 Assessor has signed off on the current property values (with one change coming).  
11 The next step is a Public Hearing and further legal work to prepare the application  
12 to be submitted to the West Virginia Development Office.

13 12. Census 2020. As of May 3<sup>rd</sup>, Moundsville had a 53.5% self-response rate,  
14 ranking 41<sup>st</sup> in the state. More importantly, in the northern panhandle, a friendly  
15 contest was started in conjunction with Jennifer Rohrig, local Census 2020  
16 representative called the BIG 12 Challenge. Leading the pack is Glen Dale with a  
17 68.6% rate. Moundsville currently is in 6<sup>th</sup> place, changing places with Wheeling a  
18 few times over the past month. We need to do better. The Census is so important  
19 to many things such as obtaining federal funding for education, housing assistance,  
20 federal highway planning, family service grants, public safety grants, and much  
21 more. If you have not responded, please do so today! If you have responded,  
22 thank you! My challenge to you is to ask one person if they have responded. If  
23 their answer is no, encourage or help them to do it!

24 13. As part of our agreement with TSG for the website, they provide analytical  
25 data monthly. Some interesting data is during April: the site had a total of 7,372  
26 visits, of which 5,344 of them were first time visitors, a total of 12,942 pages were  
27 viewed – with the highest being a news update regarding city operations during the  
28 Coronavirus, and 55.5% of the visitors were directed there from the City of  
29 Moundsville Facebook page. Remember, one of the goals in the comprehensive  
30 plan was to make government more transparent – this is going a long way to  
31 accomplish that.
